

[Windows XP Professional Product Documentation](#) > [Networking and the Web](#) > [E-mail and the Web](#) > [Internet Explorer Troubleshooter](#) > [Remote Desktop](#)

To disable Remote Desktop

1. Click **System** in Control Panel.
2. On the **Remote** tab, clear the **Allow users to connect remotely to your computer** check box, and then click **OK**.

Note

- You must be logged on as an administrator or a member of the Administrators group to disable the Remote Desktop feature.
- To open a Control Panel item, click **Start**, click **Control Panel**, and then click the appropriate icon.
