

Exercise #3

Where in the World?

In this exercise you will explore different mapping applications.

A. Add Yourself to a Library 2.0 Frappr Map

libraryyouth.ning.com

1. Click on the **Add Yourself** square.
2. Add your name, email, a picture (you can add later), and a comment.
3. Move your pin to your library's location.

B. Create a Semapedia Tag

www.semapedia.org/community/learnmore

1. **Select a Wikipedia article** – wikipedia.org – with a connection with the physical world and copy the URL onto your clipboard.
2. Paste the URL into the **Create your own Semapedia Tags** box – www.semapedia.org/community/learnmore.

C. Explore Google Earth

earth.google.com

1. Select the **Product Tour** link on the top left side on the homepage.
2. Click on at least three different images on this page to see a demonstration of Google Earth features.
