

# Libraries in a Post-Print World

*Libraries in  
a Post-Print World*

An Infopeople Webinar with  
Joan Frye Williams and George Needham

Tuesday, September 13, 2011  
12 Noon to 1PM

Infopeople webinars are supported by the U.S. Institute of Museum and Library Services under the provisions of the Library Services and Technology Act, administered in California by the State Librarian.

---

---

---

**We're not psychic**

---

---

---

---

---

---

---

---

**Scenario planning**

- Note a trend
- Extend that trend into the future
- Extend our current practices into the future
- Compare the two
- Assess vulnerabilities
- Increase our capacity to address the vulnerabilities
- Realign our practices as necessary
- Persist until the changes take hold

Kindle ebook sales now higher than paperbacks on Amazon

Stephen King, the master of horror, is releasing his next digital novel only. The chilling story is set in a rest stop and goes on sale Nov. 1 for \$2.99. The new "Mile 81" novel is King's opening salvo.

King has a long history of writing movies as well as books. His latest novel is set in a rest stop and goes on sale Nov. 1 for \$2.99. The new "Mile 81" novel is King's opening salvo.
