

## **Exercise #5**

### **Resources for Californians and Multilingual Health Resources**

In this exercise you will explore and discuss websites that are aimed at California residents and other sites for multilingual users.

**Instructions:** In your group, explore one of the resources below for 10 minutes. Each group will report back on the highlights of their site.

**1. California Health Care Foundation**

<http://www.chcf.org/>

- Note especially the links on the right lower part of the page to **What Patients Think of California Hospitals** and **California Nursing Home Search**.

**2. NNLM/PSR Regional Information for California**

<http://nnlm.gov/psr/about/region/california.html>

**3. NNLM/PSR**
