

Exercise # 3

Song or Fingerplay

In this exercise you will have the opportunity to learn a song or fingerplay to use at storytime.

Instructions: Break in to groups of four or five and try out a song appropriate for Storytime. Maybe someone in the group has a song to share! If not, you can use one of the songs the instructor demonstrated.

Jot down the lyrics to the song so you can practice it later this week, and use it in Storytime in the future.
