

Exercise #2

Picture This!

In this exercise you will practice finding different types of images, animations, and pictures using image search engines and directories, compare image search engine results, and you will explore an image sharing and editing application.

A. Compare Search Results using Different Image Search Engines

1. **Search** for images of **Sharks, Abraham Lincoln, and sabertooth tigers** using the following search tools and compare the results.
 - i. Ditto, www.ditto.com.
 - ii. Google Image Search, images.google.com.
 - iii. Flickr, www.flickr.com.

B. Practice finding different types of images:

1. **Finding Animations - Picsearch**
www.picsearch.com
 - i. Select **Advanced Search**.
 - ii. Select **Only Animations** in the Search Options section.
 - iii. Search for “penguin” or “dump truck” animations using the Search Box.

C. Register to Use and Explore an online image editing application.

1. **Picnik**
www.picnik.com
 - i. Click the **Get Started Now** button.
 - ii. Register for an Account or **Play with a Demo Photo**.

- #### D. Watch you tube video on **Tabletop Computing** -
- www.youtube.com/watch?v=BetBzOfSqSs and consider possible image applications for library youth services.
