

## Exercise #1

### Social Software Intro with LibraryThing

In this exercise you will gain an understanding of social software through setting up an account with LibraryThing.

1. Go to [www.librarything.com](http://www.librarything.com).
2. Tour LibraryThing at [www.librarything.com/tour](http://www.librarything.com/tour).
3. Set up a LibraryThing account. Write down your username and password here.
  - Username: \_\_\_\_\_
  - Password: \_\_\_\_\_
4. Add four or five books to your account profile.
5. View your profile look at other members with your books:
  - a. Select the different views (i.e., weighted, raw and recent).
  - b. Select one of the other members.
  - c. Are there other books this member has on his/her list that interest you?
6. What makes LibraryThing social software?
7. How do you think teens might use LibraryThing?
