

Welcome to today's Infopeople Webinar!

Infopeople is dedicated to bringing you the best in practical library training and improving information access for the public by improving the skills of library workers. Infopeople, a grant project of the Califa Group, is supported in part by the Institute of Museum and Library Services under the provisions of the Library Services and Technology Act administered in California by the State Librarian. This material is covered by [Creative Commons 4.0](#) Non-commercial Share Alike license. Any use of this material should credit the funding source.

Emerging **Tech** Trends

Part 7

May 23, 2017

An Infopeople webinar
with

Laura Solomon

Not just blue-collar

AI corporate audits

“In 30 years, a robot will likely be on the cover of *Time Magazine* as the best CEO.”

Jack Ma, CEO of Alibaba

Will AI **take over**?

- 2026: nearly 100% of medical record interpretation
- 2028: 95% of air traffic control
- 2034: U.S. factories employ less than 20 humans each
- 2036: nearly 100% of surgeries

Realistic takeaways

- **AI** evolving ridiculously fast and will be seriously impacting jobs. Is your library ready?
- Make sure your library's catalog and websites are ready for a **mobile-only, equal experience**. That includes **mobile payments**.
- **Video creation**—you're already behind
- Get ready to spend \$ on your **makerspace**

Thanks for listening!
