How it works.

Through the generous support of donors like you, scholarships are awarded for Career Online High School (COHS) to qualified learners looking to earn a high school diploma and advance their careers. Once enrolled, COHS pairs each student with an Academic Coach, who offers ongoing guidance and encouragement, evaluates performance, and connects the learner with the resources needed to demonstrate mastery of the course material. Classes are supported by board-certified instructors, and students have 24/7 access to the online learning platform. Coursework begins in the students' selected career fields, before progressing to the core academic subjects. Students are able to graduate in as few as six months by transferring in previously earned high school credits but are given up to 18 months to complete the program.

How you can give hope.

Career Online High School enrollment is free to the student upon successful completion of the self-assessment and prerequisite class. Once the student is cleared to move forward in the program, the library, in its discretion, awards that student a scholarship to proceed.

Your gift to the scholarship fund ensures that subsequent students have the opportunity to take the first step to changing their life for the better.

Bundle of 25 scholarships	\$32,375	\$1,295 each
Bundle of 50 scholarships	\$62,650	\$1,245 each
Bundle of 100 scholarships	\$119,500	\$1,195 each
Bundle of 200 scholarships	\$219,000	\$1,095 each

Each year the library must renew its community's access to the self-assessment and prerequisite program. Both are free to everyone in the community providing a true gauge of each student's readiness for the rigor of the complete program.
